Human Resource Department

To whom it may concern,

My name is Rimaz, and I am a Computer Science undergraduate at Informatics Institute of Technology (IIT). I have successfully completed my first year(Level 04) with good results and recently I completed my second year(Level 05) as well. And now I am very excited and delightful to step into the industry as an intern to showcase my skills.

As an intern, I will bring a good perspective and creativity to the team. This will be a great opportunity for me to increase my skills and study and research about new technologies. And I would be honored to serve as an intern for your company as it has a great spirit of innovation and professionalism. I am sure that my presence in your team will bring value to the company.

I have attached my CV below for more details regarding my background and qualifications. I hope my qualifications matches your required position. If so, I would appreciate the opportunity for an interview.

I thank you for your time and consideration. I am willingly looking forward to hearing from you soon.

Yours sincerely,

**Rimaz Rizkan.**
